We source our final blend from a variety of Willamette Valley soils for complexity and depth of flavor.

1. WE HAND-PICK, HAND-SORT AND HANDCRAFT OUR WINES  
*using small fermenters and small French oak barrels,  
producing around 8,000 cases annually.*
2. WE MAKE WINES THAT REFLECT OUR LONG COMMITMENT  
TO THE LAND *from 100% Willamette Valley grapes  
where we have been operating since 1982.*
3. WE MAKE A SINGLE VINEYARD WINE ONLY  
IF IT IS OUTSTANDING IN EVERY WAY. *We will not make  
a wine because it fits into a convenient marketing program.*
4. WE FARM ALL OF OUR OWNED OR LONG-LEASED  
VINEYARDS FOLLOWING BIODYNAMIC PRINCIPLES.  
*We grow or wild-harvest the ingredients for the preparations which  
we make at our Jacob-Hart Estate vineyard. We make and use our  
compost using Biodynamic principles.*
5. REX HILL IS A L.I.V.E. (*Low Input Viticulture & Enology*)  
& B CORP CERTIFIED WINERY AND IS WORKING ON  
BECOMING A CARBON NEUTRAL BUSINESS.

*Hand-picked Hand-sorted Family owned*
