REX HILL

1. WE HAND-PICK, HAND-SORT AND HANDCRAFT OUR WINES

using small fermenters and small French oak barrels, producing around 8,000 cases annually.

2. WE MAKE WINES THAT REFLECT OUR LONG COMMITMENT

TO THE LAND from 100% Willamette Valley grapes where we have been operating since 1982.

3. WE MAKE A SINGLE VINEYARD WINE ONLY

IF IT IS OUTSTANDING IN EVERY WAY. We will not make a wine because it fits into a convenient marketing program.

4. WE FARM ALL OF OUR OWNED OR LONG-LEASED VINEYARDS FOLLOWING BIODYNAMIC PRINCIPLES.

We grow or wild-harvest the ingredients for the preparations which we make at our Jacob-Hart vineyard. We make and use our compost using Biodynamic principles.

5. REX HILL IS A L.I.V.E. CERTIFIED WINERY

(Low Input Viticulture & Enology) AND IS WORKING ON BECOMING A CARBON NEUTRAL BUSINESS.
